

Club President Update

26 August 2020

DEAR MEMBERS,

What a fantastic response to our call for help and I am pleased to announce that we have two new Board members with **Anne Evans** as the **Director of PR and Communications** and **Stu Reeves** as the **Director of Lifesaving**.

Thanks Anne and Stu for stepping up. I am excited to witness the contribution to the Club and Board that you will make. I have also had a discussion with another member regarding possibly coming on board as the Director of Business Development, which is an exciting prospect.

I'd also like to congratulate our Board members who were voted in at the AGM: Welcome to our new **Vice President, Ian Noorman** and welcome back to **Director of Surf Sports, Sam Maurice** and **Director of Education and Training, Derry Smith**.

A big thank you to **Garry Williams** for taking on the committee positions of **Power Craft Awards Coordinator** and **RWC Officer**.

However, we still do not have a Director of Youth or a Director of House and Social. Two critical and highly rewarding positions.

Both of these positions have fantastic people who have held Director positions before, and are willing to support the person who takes on the role. So you will not be on your own and will have support.

Committees are another area where we need people to step up. If you have ever made a comment that things could or should be done better, and were not on a committee when you made these comments, then become a committee member and influence in ways that help support the relevant portfolio Director, which in turn supports the Club as a whole.

If you haven't commented, but want to be part of something that is bigger than yourself, then consider joining a committee.

Regards,

Beno
Brendan Privilege
President, Secret Harbour SLSC
